

## **Mission Statement**

**We at INS enlighten and enable students to achieve their personal goals in harmony with social goals. They learn to value, love, respect themselves and others, leading to communication, collaboration and co-existence.**

**We strive to enhance their sensibilities by awakening curiosity and creativity, helping them to become proactive members of a society with win-win solutions.**

**We empower all our students to become responsible, vigilant and conscientious global citizens who as innovators and inventors, will make the world a more tolerant, peaceful and progressive place to live in.**
